Wage rates for foremen in the above classifications may be increased in an amount sufficient to maintain the customary differential in favor of foremen.

In the event any dispute arises as to whether the above rates are the prevailing rates for this locality, and the dispute cannot be adjusted by the parties involved, the matter shall be referred for arbitration to the Director of the Department of Labor and Industries of the State of Washington and his decision therein shall be final and conclusive and binding on all parties involved in the dispute.

Weekly payroll reports shall be filed with the Secretary of the Board of Public Works, containing the following items:

Name of employee  
Occupation  
Dates Employed  
Number of hours employed each day  
Hourly wage rate  
Total number of hours worked during week  
Total amount of wages earned

Work performed at the straight-time rate shall be shown on one line of the payroll for each day and any overtime worked or other additional compensation must be shown on a separate line for each day and extended at the premium rate.

Payroll reports shall be signed by the contractor or his duly authorized agent.

An authorization for an agent, in substantially the following form, shall be submitted with the first payroll report for each project. If the agent is changed, a new authorization will be required.
